CSDR Welcomes New Teachers and Counselors

New Teachers

Miss Marylin Barr

Miss Barr was born and raised in Los Angeles, California. She received her B.A. degree from San Francisco State College where she took her training to teach the deaf. She taught for seven years in day schools in San Mateo County. She also taught adult classes in sign language at the College of San Mateo.

Miss Barr has joined the faculty of the elementary school department. She is also working toward her Master of Arts degree at California State University at Northridge.

Mr. Efton Bohn

Mr. Efton Bohn is our new driver education teacher. He was born in Portales, New Mexico. He attended Eastern New Mexico University and New Mexico State. He has done graduate work at Chapman College and the University of California. He has taught in elementary school, was a school superintendent, and worked for General Dynamics as an engineer working on the Atlas Missile. Mr. Bohn is married and has a three year old daughter. He now lives in Riverside.

Mr. Vincent Chalk

Mr. Vincent Chalk was born in Vancouver, Washington but moved to Lewis, Kansas when he was one year old. He attended college in Provo, Utah and graduated from Brigham Young University with a B.S. degree in psychology.

For several years he worked in San Francisco before moving to Southern California. Mr. Chalk worked as a counselor at CSDR from September, 1970 through June, 1971 while taking classes at San Bernardino State and Riverside City College. He entered an M.A. program at San Fernando Valley State College at Northridge in the fall of 1971 and graduated with an M.A. degree in special education in July, 1972.

Mr. David Fontana

Mr. Fontana was born in Seattle, Washington. He is a graduate of the Washington State School for the Deaf and of Gallaudet College where he earned a B.A. degree in mathematics. He then attended Lewis and Clark College in Portland, Oregon, where he received an M.A. degree in special education. He practiced taught for three months at the Washington State School for the Deaf in Vancouver.

This is Mr. Fontana's first year of teaching and we welcome him to the elementary school department.

Mr. Fontana is married to the former Bonnie Faye Sands who is also a native of Washington State and a graduate of the school for the deaf there. The Fontanas are looking forward to the arrival of a wee Fontana in January.

Miss Marty Longbine

Miss Marty Longbine was born in Rochester, New York. She attended the University of Kansas in Lawrence, Kansas for one year. She earned her B.A. degree in deaf education from the University of Arizona. Her student teaching was done at the Arizona School for the Deaf in Tucson. She is teaching in the junior high school.

Mr. Peter Rounds

Mr. Peter Rounds was born in Syracuse, New York. He served in the Army Air Force during World War II. Following his discharge from the Air Force he attended Syracuse University where he majored in chemical engineering and earned his BCHE and MCHE. After working as a lubricants engineer for nine years, he entered Princeton Theological Seminary in New Jersey and received his MDIV. He served as a Presbyterian pastor for nine years. Mr. Rounds became interested in teaching the deaf through his association with the deaf at NTID in Rochester, New York. He received his training to teach the deaf at the State University of New York in Geneseo. This is Mr. Rounds' first year of teaching. He is teaching in the junior high school.

Mr. Carrol Smith

Mr. Smith is a native of Mississippi. He attended the University of Southern Mississippi and earned his B.A. at San Francisco State College. Mr. Smith received his teacher training at Central Institute for the Deaf in St. Louis, Missouri. For the last three years he has taught at the California School for the Deaf in Berkeley. Mr. Smith will be teaching in Lower School.

New Counselors

Miss Nanette Brown

Miss Brown was born in Long Beach but lived in Mankato, Minnesota until 1968. She then returned to California to start classes at Cal State Fullerton. Miss Brown is presently a senior sociology major and expects to complete her B.A. in January of next year. She has worked as a student aide at CSDR for the last two years.

Miss Phyllis George

Miss George was born and raised in upstate New York. She received an A.A.S. degree in nursery education from the Agricultural and Technical College in Cobleskill, N.Y. She also attended the State University of Arts and Science in Genesee, N.Y., where she majored in special education and minored in psychology. She has had experience as recreational leader, assistant director of camps for the mentally retarded, and director of a camp for the emotionally disturbed.

Miss Sharron Hallmark

Miss Hallmark was born in Santa Paula, California, where she spent her pre-college years. She attended USC, Ventura Junior College, and finally Chico State College, majoring in sociology and minoring in theatre arts. Upon graduation, she was employed as a youth counselor at the Ventura School for Girls for two years. Her interests include piano, music, rocks, shells, tennis, and travel.

Miss Georgia Hodson

Miss Hodson was born in Modesto California. She moved to Turlock California at the age of 20. She attended Modesto Junior College and California State College at Stanislaus where she studied speech pathology. She received her B.A. degree in June.

Deaf Multi-Handicapped Unit to Expand

The Assembly-Senate Budget Conference Committee recommended in June that an additional \$450,000 be included in the Governor's Budget to provide facilities and staff for fifty more children in the Deaf Multi-Handicapped Unit. The Committee's recommendation was approved by the legislature and the governor.

The additional funds came as a surprise since no formal request for funding for an increase in staff and portable buildings had been submitted to the legislature. The addition of fifty children will increase the

Unit's capacity to one-hundred and ten (110).

The contract for additional portable modular buildings has been awarded, with sometime after the first of the year set as the target date for completion of construction. During the past summer, additional teachers were recruited and they are receiving in-service training in existing classes pending the arrival of the new students. Dormitory personnel will be added when the new buildings are ready for occupancy.

New Teachers

Mrs. Jean Barger

Mrs. Barger was born in Neenah, Wisconsin and lived in Fullerton, California, Niagara Falls, New York, and finally Neenah. She has a B.S. degree in deaf education from the University of Wisconsin at Milwaukee where she studied with Dr. Leo Dicker. She did her practice teaching in the Milwaukee public schools and at the Wisconsin School for the Deaf at Delavan. Mrs. Barger began work on her M.A. degree this summer.

Mrs. Barger's husband is planning to attend Harvey Mudd College in Claremont to complete his degree in electrical engineering.

Miss Marcia Anne Daly

Miss Daly was born in Bradford, Pennsylvania. She received her B.S. degree in preschool education from Gallaudet College and also an M.A. degree in the education of the hearing impaired. Her experience has included both student teaching in the Gallaudet Preschool and in the New York School for the Deaf in Rome, New York.

Mr. Greg Decker

Mr. Decker was born in Los Angeles and attended CSDR where he graduated in 1966. He received his B.S. degree in sociology from Gallaudet College in 1971. He received his M.A. in special education from California State University at Northridge in 1972.

Mr. Decker participated on the swim team in the Deaf Olympics in 1965. He was the TWA campus representative at Gallaudet College for three years and man-

ager of the Rathskellar at Gallaudet. He is an Eagle Scout and has traveled around the world, visiting 14 different countries and schools for the deaf in Hong Kong, Bombay, and Dublin. Mr. Decker lives in Riverside.

Miss Leslie Ann Eiring

Miss Eiring, another new teacher in the Multi-Handicapped Unit, was born in eastern Oregon. She received her B.S. degree in special education at Lewis and Clark College in Portland, Oregon. While in training there, she was a student teacher at the Oregon School for the Deaf.

Mr. Gary Elson

Mr. Elson, currently a teacher of the older children in the Multi-Handicapped Unit, was born in Pasadena, California. While attending UCLA, he worked at the Fernald School with educationally handicapped children and obtained a B.A. degree in psychology. Moving on to the special education program at Cal State, Los Angeles, he received his credentials in regular elementary and mental retardation and a M.A. degree in special education. His wife, Linda, is also a new teacher at CSDR.

Mrs. Linda Elson

Mrs. Elson was born in Springfield, Missouri. Growing up in Pasadena, California, however, she attended the University of Redlands and received her B.A. degree in psychology from California State College at Los Angeles. She and Mr. Elson were married in August of 1971. Both continued their education at Cal State, Los Angeles, with Mrs. Elson obtaining her credential to teach the deaf. As of yet, they have no children, but claim a family of two cats.

Miss Kathy Lynn Heaton

Miss Heaton is now filling the role of physical education instructor for the Multi-Handicapped Unit. She received her B.S. degree in physical education from Springfield College in Massachusetts. She then went on to obtain a M.A. degree in adaptive physical education and corrective therapy at the University of Oregon. While there, she had the opportunity to work with handicapped children. She has also had experience as a world traveler, having spent the summer of 1970 in Europe as a temporary secretary.

Mrs. Shirley J. Kluth

Mrs. Kluth was born in Minot, North Dakota and grew up in Marysville, Washington. She has a B.A. degree in elementary education from Pacific Lutheran University in Tacoma, Washington and a M.A. degree in special education from Lewis and Clark College in Portland, Oregon. She has taught first grade hearing children in Vancouver, Washington and second grade hearing children in Tacoma.

Mrs. Kluth has two children. Linda attends Poly High School and Lisa is in elementary school at CSDR.

Miss Annette Morris is originally from Indianapolis, Indiana. While in Indianapolis, she obtained her B.A. degree in music from Butler University. From there, she went on to teach at the Indiana School for the Deaf. Miss Morris has also had experience teaching at the Marlton School for the Deaf in Los Angeles.

Mr. Isaac Jack Pakula

Mr. Pakula was born in the Bronx, New York. He received his B.S. degree in physical education at Gallaudet College. He was a teacher at the West Virginia School for the Deaf for two years where he taught social studies and vocabulary to sixth and ninth graders. He coached varsity football and junior high basketball and he was the Junior NAD sponsor for two years.

Mr. Pakula is married and his wife teaches at South Hills High School in West Covina.

Mrs. Barbara Ann Peterson

Mrs. Peterson was born in Minneapolis, Minnesota. She spent most of her life in Omaha, Nebraska, but she also lived in Sioux Falls, South Dakota; Missoula, Montana, and Bismarck, North Dakota. She has a B.A. degree with a major in elementary education and a minor in deaf education from Augustana College in Sioux Falls, South Dakota. During the summer of 1969, Mrs. Peterson taught remedial reading in a hearing ghetto school in Omaha. She taught for two years at the School for the Deaf in Faribault, Minnesota and last year she taught 8th grade U.S. History and girl's physical education at Yucca Valley High School in Yucca Valley, California.

Miss. Tahmina Shalizi

Miss Tahmina Shalizi was born in Bombay, India. She attended schools in Afghanistan, India, and West Pakistan. Moving to the United States, she obtained a B.S. degree in psychology and an M.A. degree in special education for the deaf at Lewis and Clark College in Portland, Oregon. Her experience has included two summers of work in a community organization in Portland. Through that organization, she counseled runaway children, drug addicts and other alienated youth.

Mr. Glenn C. Walters

Mr. Walters was born in Denver, Colorado. He graduated from CSDR in 1963. He earned a B.S. degree in library science at Gallaudet College. After his marriage, he continued his education and received an M.A. degree in deaf education from Western Maryland College. He has taught at both the Kansas School for the Deaf (1968-1970) and at the Colorado School for the Deaf and the Blind (1970-1972).

Mrs. Holly Martin Walters

Mrs. Walters was born in Chicago, Illinois and graduated from the Illinois School for the Deaf in 1963. She later earned a B.S. degree in home economics at Gallaudet College. During her stay at Gallaudet, she met Glenn Walters and they were married on June 18, 1966. She continued her education, however, and received an M.A. degree in deaf education from Western Maryland College in Westminster, Maryland. Since that time, she has taught home economics classes at the Kansas

Do You Have a Moment?

Welcome to another school year. We hope it is going to be a good one. Our first day of school was like any other day without any real indication of just having returned from summer vacation.

Our high school has a larger enrollment than ever before and more to offer. This year we have individual program assignments for each of the pupils. The pupils will be on a three track system, the college prep track, general track and vocational track. A pupil could move from one track to another depending on his efforts and abilities.

Recently the high school program underwent a self-evaluation study which resulted in an accreditation by The Western Association of Schools and Colleges for another period of five years. This is the third full accreditation the school has received.

Our instructional media center has been moved to a new location across from the junior high school library. You should plan to visit this area when you come to our campus.

In the room vacated by the media center, we have established a reading laboratory for the junior high school boys and girls who have reading problems. We hope to do this for mathematics and other areas in the near future.

Because of the shift in our school population towards high school, we have had to revise our physical education program. Boys and girls from the lower and elementary departments are no longer scheduled

for physical education. They have a longer recess period of organized activity twice each day.

James A. Hoxie
Assistant Superintendent
for Instruction

Mr. Tim Jaech

**New Principal of DMHU's
Second Unit**

Mr. Tim Jaech is a new principal of the Deaf Multi-Handicapped Unit's second unit at CSDR. The unit is scheduled to expand to 110 children after the first of next year. Mr. Jaech is already carrying out duties as principal in supervising half of the unit's 26 teachers.

Mr. Jaech attended the Los Angeles City Schools public day class program until high school when he moved to CSD Berkeley and graduated in 1957. He graduated from Galluadet in 1961 with a bachelor of science degree in education of the deaf. From 1961-1966 he was a teacher at the Minnesota School for the Deaf. During this time, Mr. Jaech started graduate work in educational psychology at the University of Minnesota. In January 1966 he became a member of the National Leadership Training Program in the area of deafness at California State University at Northridge and received his M.A. in administration and supervision. Mr. Jaech was then employed as a media specialist with the Southwest Regional Media Center for the Deaf. He served as a consultant to four schools for the deaf in Southwestern California.

After becoming the Instructional Media Director and developing an Instructional Media Center at the Minnesota School for the Deaf in 1967, Mr. Jaech left two years later to work as an English teacher and media specialist in the post-secondary program for the deaf which was established at the St. Paul Technical-Vocational Institute. In 1970 he came to Riverside to teach in the DMHU. He was involved in curriculum development in addition to his classroom duties. Curriculum continues to be one of his responsibilities now as principal of the DMHU's second unit serving older children.

My family and I took a short spring trip in March 1972. We went to Washington, D.C. I took a picture of the White House. I saw many of the first ladies' gowns at the Smithsonian Museum. I saw Gallaudet College. We visited the Ford Theater.

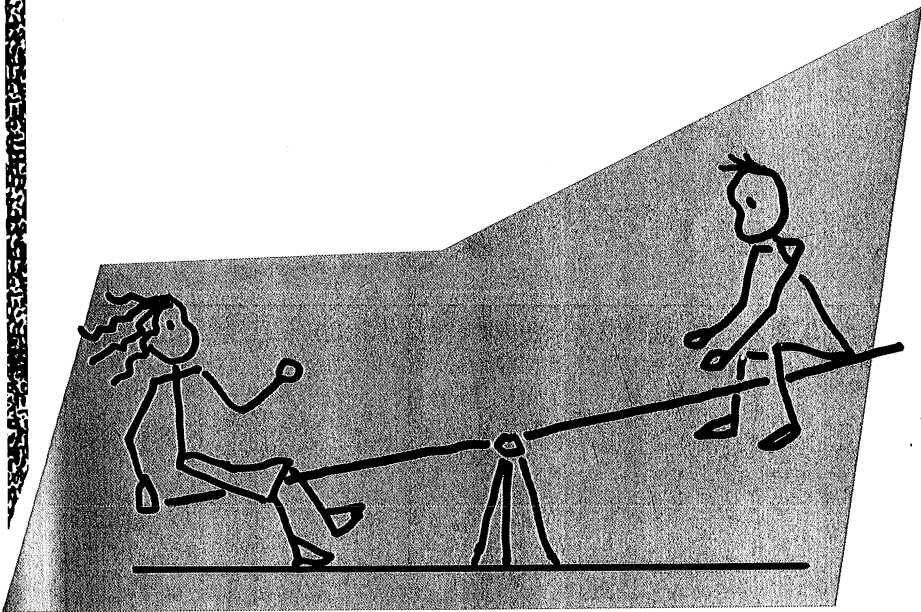

STUDENT TRIPS

My Trip to Northern California

Last July my sisters, my dad and I went to Eureka by car to visit my grandmother. We stayed there for a week. Then we went to Santa Rosa to visit my aunt and uncle for a few hours. We went to the beach for fun and met my cousin who has a new baby girl named Lynne. She is cute.

From Santa Rosa my family went to Bridgeville to visit another aunt and uncle. We stayed there for three days. My uncle asked me if I wanted to water ski behind his boat. I told him, "No thank you," because I had never done that before. I was afraid. He said, "Okay". We went to the lake for one day I had fun riding in my uncle's boat. My sisters and I went fishing, but I didn't catch any fish. I'm not lucky! We went back to my uncle and aunt's house because it was my aunt's birthday. My family gave her a wooden picture frame. She liked it very much. We had a delicious dinner. Then we started back home.

My Trip to Florida

On June 28th my parents and my grandparents packed our clothes and we left home about 9:00 a.m. for Florida. We went through Barstow to Flagstaff, Arizona. We stopped at a small souvenir store to buy souvenirs and postcards. Then from Flagstaff we went to Albuquerque, New Mexico. We travelled through Texas and Louisiana. We went over a bridge and saw the largest river in North America. It was the Mississippi River. We went to Alabama. We saw lots of trees and lakes there. In Georgia we saw our relatives. We slept in

our camper two nights. We went swimming and had fun.

Finally in Florida we visited the Sunken Gardens. It had many birds, monkeys and goats. We enjoyed it. Then we went to Hollywood, Florida. There we met our other uncle who came from Indiana.

We left Florida and went to New Orleans, Louisiana. We saw the French Quarter. We also saw some horses that pulled carts. We took lots of pictures of them. Then we went straight home. We had lots of fun during our vacation.

Cinquains

Students in classes E and F reviewed parts of speech and expressed themselves creatively by writing cinquains. Each student was given the formula to write a cinquain. Then he chose a picture from which he created a word picture in the form of a cinquain.

Formula for Cinquains:

- a noun (describing picture)
- 2 adverbs (accept adjectives if appropriate)
- 3 adjectives
- a 4-word phrase
- 2 adjectives
- a noun (a synonym for the noun in the first line)

TITLE: *Jonathan Livingston Seagull*

AUTHOR: Richard Bach

Jonathan Livingston Seagull was no ordinary seagull. Most seagulls thought only about eating, but Jonathan loved to fly more than anything else. He would practice flying all day long while the others searched for food. Jonathan's parents didn't like it because they wanted him to be like the rest of the flock.

Day after day, Jonathan practiced flying faster and higher. Once he was practicing high speed and he went so fast that he lost control and smashed down into the sea. When he came to, Jonathan decided he had better try to be like the others and he made that promise to himself.

But somehow Jonathan's mind went back to flying. He got an idea of why he had fallen into the water. It was dark and he knew seagulls never flew in the dark, but he wanted to try again and this time he made it.

Jonathan was so happy, he decided to show his friends what he could do. But when he did, the Elder of the flock called Jonathan and said he would have to leave the flock and go live alone on the Far Cliffs. He was an outcast because he was trying to find something better to do with his life than just look for food.

Jonathan spent the rest of his days beyond the Far Cliffs learning more about flying. One evening, he met two seagulls there who were so lovely they seemed to glow. They were very good at flying, too. They took Jonathan and disappeared into a dark sky. They said that Jonathan had learned; that one school was finished, and the time had come for another to begin.

At first Jonathan thought he was in heaven. He still felt like a seagull, but he flew better than he had ever flown and he didn't have to try as hard. His feathers glowed, too. Later Jonathan learned that he was not in heaven. He was in a place where there weren't as many seagulls as there were on Earth, but all of them loved to fly. Jonathan learned that he

was in a way in another world. He had learned so much on Earth, he had gone on to his next life. The seagulls back on Earth were learning nothing, and their next world was always the same; all the same limitations to overcome. Jonathan had overcome his limitations because he wanted to. He thought there was more to life than just eating, sleeping, the everyday common things. And now it was like a new life. All day he would practice with the other birds.

Jonathan met the Elder Gull, Chiang. Jonathan asked him what would happen next and Chiang said he would teach Jonathan more about flying until he could touch perfect speed. Perfect speed meant arriving at any place in an instant, just by thinking that you were already there. So Jonathan practiced every day until finally one day Jonathan just closed his eyes and he was in another place. He was so happy and it was then Jonathan knew that it was true that he could be a perfect seagull without being limited to doing certain things.

Chiang said now Jonathan could learn to fly to any time in the past or future. Then he would be ready for the highest lesson of all—learning the meaning of kindness and love. One day Chiang left, telling the seagulls to go on practicing.

Jonathan was there for many months. He learned to fly in other times and worked hard to know the nature of love. He finally decided the best way he could show love was to teach what he had learned to the seagulls back on Earth.

Jonathan's first student on Earth was Fletcher. They worked up a way to get others to join them and soon they had a whole flock. They practiced all day and sometimes in the evening. Then Jonathan told Fletcher that he had to leave and that Fletcher was to take over. Jonathan was going to teach another flock.

This story was trying to say that there is no limitation to anyone and if you work at it, you can be better than you are now.

Vocational Palms

Lithography Shop

Some of the most obvious benefits which are derived from the publication of **The California Palms** are readily noticable, namely the enjoyment, information and often inspiration received by its readers. The less obvious benefits are behind the scenes and include the methods and skills learned by the students in the production of the magazine. When a student examines the finished job, he knows that he has played an important part in making it happen.

The lithography shop, alias offset printing, has the responsibility for printing the cover and the pages that contain most of the pictures. The pictures and associated type are photographed, stripped and printed by students in lithography.

Letterpress Print Shop

The boys in this shop are taught the methods of magazine printing. Many skills must be learned before a **Palms** can be produced. The students must develop skills in many areas including: machine composition, page make-up, proof-reading, setting type in page form and finally the actual printing. The printing is done on the Miehle vertical press. This is followed by bindery work which includes: folding, stitching and trimming. The **Palms** is then ready for distribution. The boys have the practical experience of what is done in a commercial print shop where they may some day have a job.

Business Arts

The business arts classes are responsible for the distribution of the **Palms**. This begins with making a metal address plate on the graphotype. We have an address plate for the parents and guardians of each of our students, most schools for the deaf in the United States, California day class programs, several schools out of the United States, and other interested people. These plates once made are then kept up to date and all address changes are recorded on the plates.

Once we receive the **Palms** from the print shop, they are addressed (by using the metal plates) on the addressograph. After they are all printed with names and addresses, we begin to separate according to ZIP code areas. Once they are separated in correct bundles, they are identified by a label, that shows the area and how many are in each bundle, and tied. Next the bundles are gathered up and taken to the kitchen to be weighed on the scales for mass mailing. From the kitchen they are taken to the administration switchboard office where they are placed in mail bags. We now make out a mailing permit (how many copies, pounds, cost per copy etc.) which is picked up by the post office along with the bags of **Palms** and they are on their way to you.

RECIPE OF THE MONTH

This year the **Palms** is featuring casseroles. This is a dinner in a dish which is baked in the oven. They usually include meat, vegetables, pasta and a sauce.

This Mexican inspired recipe uses tortillas in place of a pasta which is a food from the noodle and macaroni group.

Fiesta Casserole

- 1 lb. ground beef
- 1 can cream of chicken soup
- 1 can cream of mushroom soup
- 1 C. milk
- 1 can green chili salsa (Ortega)
- 1 onion, chopped
- 1 lb. cheese, grated
- 1 C. tomato sauce
- 1 pkg. tortillas

Brown hamburger and add onion. Pour off extra fat. Cut tortillas in half. Grease a large shallow casserole dish and add 2 T. of water. Place tortillas on the bottom and cover with the meat and cheese. Mix the soups, milk, tomato sauce and chili salsa together and cook for 5 minutes. Pour over the meat and cheese. Add one more layer of each.

Bake at 300 degrees F. for 1½ hours.

STUDENT TRIPS

Our Trip to Oklahoma

I went to Oklahoma by car with my friend. On the way she had car trouble. In Albuquerque, New Mexico we went to a Volkswagon garage to have the car fixed. It took two hours. We hated to wait. Finally we arrived in Oklahoma. We spent a night at my aunt's. Then my friend went to Arkansas to see her sister while I stayed in Oklahoma for two weeks. My mother and my brother came to Oklahoma to pick me up. I was glad to come back to California.

My Trip

In July my mom and I flew to Chicago and then we changed planes for Norfolk, Virginia. We visited my mom's sister and her daughter, Patti, and granddaughter. One night we went to Ocean View Amusement Park. That was fun!

The following day my aunt drove us to Merry Hill, North Carolina where my mom and her family were born and grew up. We were so happy to see my mom's 13 sisters and brothers and their families. We stayed there for a month and four days. The third week of July, my uncle and his family took us to Florence, South Carolina for the weekend. We went to see my mom's brother and his wife before she died of cancer. She died on August 31st.

On August 5th my uncle and his family took me to Nag's Head Beach. We stayed for a week. We went roller skating and rode on a dunecycle. It was fun to ride on it. We visited the Wright Brothers' Memorial. I saw their birthplace and the place where they flew the first plane. It was interesting.

Two days before my mom and I left North Carolina we went to my cousin's wedding. She had a beautiful church wedding.

Our month in North Carolina was filled with fun, adventure, and excitement. The time passed so fast.

I really like the state of North Carolina because it is so beautiful and green. I hope to return in a year or after I graduate from CSDR.

Jill Meinke

Our Trip to New Mexico

In June the Explorers went to Cimarron, New Mexico for two weeks. Mark Aguirre led our group. We hiked about 55 miles in eleven days and slept in small tents for ten days. We had lots of rain and hail. Some boys had trouble because water ran into the small tents from the rain and hail. Bears stole our fish and other food but I didn't see them. David Smith saw a bear and he said it was a cub. We had much fun!

Kevin Struxness

My Beach Trips

In July my friends took me to Laguna Beach. I swam in deep water and the waves hit me and knocked me down. Salt water filled my mouth and nose and it tasted awful.

Later my neighbor, Sheri Preston, asked me if I wanted to go to the beach. I liked the idea and went with her. We went to Corona Del Mar. I played in the water the same as at Laguna Beach. Sheri's cousin told me about a strange sea animal. It was a jelly fish. It looked like a big glob of jelly. I saw one and ran away because I didn't like it. I enjoyed the beach.

Chris Selby

Summer Fun

In July my family and I took a trip. We went to my aunt's home in Phoenix, Arizona. We stayed there for four days. It was very hot, so I swam in my aunt's pool. The water was nice and cool.

Four days later we went to the Grand Canyon. I had never been there before. It is a beautiful sight to see. The colors of the walls are very beautiful in the early morning and late afternoon. We saw many tourists at the Grand Canyon.

We drove to some caverns and went underground by elevator. It was cool and dark. We saw many colorful rocks as we walked around. Our guide said that a long time ago Indians lived in the cavern and were buried there. The caverns were newly named and I don't remember the names.

Debbie Curlee

Crestline Camping

In July Paulette Sottak's family and my family went camping for one week. Paulette and I went to the lake every day. We played golf often. Twice Robby, Kenny, and Pat, our good friends, visited us. We were surprised to see Jet Hurley one day.

Paulette and I went fishing and caught many small trout. Father cleaned our fish and mother fried them for us. We had a lot of fun camping. We didn't want to come home.

The Worst Summer Trip I Ever Had

While my family and I were in New Mexico, we had a big problem with the car. We stopped almost every hour to cool the car motor because the water temperature always got too hot. After we got to Texas, the same thing happened again. So my dad took it to a garage to get it fixed. After it was fixed, we drove to my grandparents.

After we got there my dad took the car to have it fixed again to make it work better. At last we got to Pennsylvania to see my mom's relatives. After that we went to Wisconsin to see my other grandparents.

Later we went to North Dakota to see my dad's relatives. While we were staying at a motel in Utah, we had the flu and it was the worst night I ever had. As my dad was driving to Colorado, he went the wrong way through the mountains. We were supposed to get to Las Vegas that night, but we got there the next afternoon. Finally we arrived home.

What a trip!

Big Bear Camp

Many deaf teenagers and I went to Big Bear for one week in August. I enjoyed horseback riding, hiking in the mountains, and swimming with my boyfriend.

We had a contest to see who were the best housekeepers, the boys or the girls. The girls won the first day. The second day the boys won and they continued to win through Thursday. The girls won on Friday. It was odd that the girls won the first and last day. I will go to camp again next summer, I hope.

A San Diego Visit

Last September 5th I flew PSA to San Diego to visit my grandmother, my aunt, uncle, and cousin. I went with my cousin and his two friends to see my aunt who works on the ship Star of India. She asked me if I wanted to walk to a theatre to see "Fiddler on the Roof". It was very good but the last part of the movie was sad. My cousin's friends, Ray and Karen, told me that they are going to learn sign language. I taught them a little bit. I am proud of them because they want to learn it.

Two Interesting Games

On August 1st my father took Paul, Mother, and me to Dodger Stadium. We went by bus and took fried chicken with us. We bought nine banners, three pen and pencil sets, and a Dodger doll. We also bought two Dodger hats. The Dodgers won, 12 to 11. We were thrilled with the Dodger game.

Then on August 4th we watched a football game in the Los Angeles Coliseum. The Rams played against the Cleveland Browns. I like to watch the band and dancing at half time since they used lights and pretty flames. The Los Angeles Rams won. We enjoyed both of our trips to Los Angeles.

A Big Surprise

My sister, brother, and I planned a big birthday surprise for my mother. We told my father about it and he said he thought it was a good idea.

My sister called my aunt, my mother's sister on the telephone and asked her to come to help with my mother's surprise. She stayed with us for two weeks.

My sister called my relatives, mother's friends, and her student friends to come for the surprise, too.

When a student came over to my house without a present, my mother thought she came to visit her. After four other students came with presents for my mother, the first student took her present from her car and brought it to my mother. Then everyone came. My mother enjoyed the party and she was very surprised.

Residence Hall News

Pachappa I

Pachappa I opens the new school year by welcoming nine new students to its halls. Six of these have moved up to Pachappa I. They are: Timothy Price, Michael Petek, Louis Parker, Jeffrey Howard, Newton Gray, and James Almeraz. Three boys are new to CSDR. They are: Bradley Cerney, who comes to us from San Diego; Timothy Gonzales, who lives in Oxnard; and Mario Urrutia, who comes to us from Fillmore.

The daily schedule in Pachappa I is filled with projects. In the morning the boys will compete in a room contest. The winners will be members of the room which maintains its belongings in the best condition. A party for the winners is planned. At noon two kickball teams, the Packers and Rams, captained by Kelly King and Gary Stephenson respectively, will contend for the kickball championship of Pachappa I. Directly after school in the afternoon each pupil can choose his own activity from several special interest groups which are: cooking, hobbies, drama, sports, and playroom. As the year progresses, activities in each of these groups will diversify. After supper there is a free play period, shower, homework time, and storytelling time. Counselors will tell stories to small groups of students who will be encouraged to read the books. Story telling will take place three evenings a week with a movie filling in the final evening. Overall it looks like a busy year in Pachappa I.

Pachappa II

The year is well in progress now and all the boys in Pachappa II have grown accustomed to life in the residence hall. We would like to take the time, however, to mention those boys who are new to us this year. They are: James Ayala, James Durnford, Duane Kryger, Jose Lascano, Michael Lindsey, Larry Spiva, Michael Tims, David Weiss, Scott Godsey, and Gary Render. A sincere welcome to them all.

Speaking of new arrivals, Michael Todd recently became a big brother. He now has a baby sister named Paula to help take care of. While Michael has been busy with the new arrival, John Taggart has been spend-

ing his time on less demanding things such as camping and fishing. John managed to pull in a whopper on his last outing. Richard Weaver has also been spending time in the great out-doors. He recently went camping with his parents at Cedar Beach.

All the Pachappa II boys are enjoying the pool here at CSDR and look forward to their swimming lessons each Wednesday. Most of them are progressing nicely. Mark Spitz look out!

As usual, there have been quite a few birthdays in the residence hall recently. Robert Fletcher, Daniel Landrum, Javier Lopez, and John Taggart are all eight years old now. Ramon Cotton just turned seven and David Coria is now the ripe old age of six! Congratulations Boys!

Pachappa III

A hearty welcome is offered by Pachappa III counselors and students to the six new girls: Cecelia Arauza, Kimberly Causey, Cynthia Harper, Misty Loeffler, Stacey Musgrove and Serena Romo, who have brought our ranks up to thirty-seven including day students. Everyone is looking forward to a happy and productive school year.

Summertime was fun time for all, whether they were helping their parents move into a new home like Teri Chance, or visiting the beach like Lisa Stinsen. Tina Priest visited Oregon. She also went camping at Borrego Springs and visited her aunt in San Diego. Disneyland was visited by April Agnew, who enjoyed every minute of it. She also visited a dairy and helped feed the calves. Congratulations to our birthday girls, Kim Causey, Teri Chance, Kim Cheek, Francisca Dominguez, Erlinda Gomez, Sylvia Padilla, Patricia Quinn and Sherri Roberts, who recently celebrated their birthdays.

Rubidoux I

We are happy to welcome Fred Denstaedt, Mike Grizzard, James Queen, Ray Talmage, and Chris Volkmar to Rubidoux I. It is always nice to make new friends.

Explorer Post 18

Post 18 held elections to select their new officers. The officers this year will be:

President Sam Holcomb
Vice President Tom Gilmore
Vice President Duane Jackson
Secretary John Estes
Treasurer Farley Warshaw

Last year our post was able to offer new experiences to many boys and this year we hope to do better as we have a total membership of fifty-five Explorers, twenty-five of them joining the Explorer program for the first time. Some of them are: Larry Adams, William Burdick, John Du Quinn, Dean Maiden, Daniel Wheeler and Barney Hawkins.

Throughout the year we plan to offer each Explorer a chance to live and develop the ideals of exploring which are:

"As an Explorer-

I believe that America's strength lies in her trust in God and in the courage and strength of her people.

I will, therefore, be faithful in my religious duties and will maintain a personal sense of honor in my own life.

I will treasure my American heritage and will do all I can to preserve and enrich it. I will recognize the dignity and worth of my fellowmen and will use fair play and goodwill in dealing with them.

I will acquire the Exploring attitude that seeks the truth in all things and adventure on the frontiers of our changing world."

Troop 218

The boys of Scout Troop 218 are ready for another fun filled, eventful year. This year will see more varied and interesting camping trips, where the boys will learn what it is like to camp, prepare their own meals and perhaps learn a few tricks on how to get along better with nature.

This year we will feature one Boy Scout in each issue of the **California Palms**. This month's outstanding Boy Scout is Vientcent Anderson. Vientcent is eleven years old and joined Troop 218 during the 1971-72 school year. Vientcent was eager to join our troop because his family is active in Scout-ing activities in Glendale where he lives. When asked what his most exciting

experience has been in Boy Scouts, he told of a wonderful summer trip he took with a hearing troop. He backpacked to the bottom of Havasu Canyon in the great Grand Canyon for one week. There he participated in all the activities including cooking, cleanup, swimming and visiting the Indian reservation. To better share his experiences with his friends here at CSDR he brought color snapshots and a movie. We are happy to have Vientcent in Troop 218.

Troop 18

Troop 18 welcomes nine new members: Dana Borgatti, Francisco Melendez, Randy Gaffne, John Lee, Alen Donaldson, Charles Katz, Mark Skinner, Robert Pirard, Oscar Schanez.

The boys are scheduled for four week-end trips this year. They are: Dec. 8th, 9th, 10th; Feb. 2nd, 3rd, 4th; March 9th, 10th, 11th and June 1st, 2nd, 3rd. The boys will leave on Fridays after school and return Sundays before 5:00 p.m. Troop 18 will hold their first meeting on the 20th of September to vote on new Patrol Leaders.

Girl Scout Troop 337

Girl Scout Troop 337 will be exclusive to Rubidoux III this year. A new troop has been formed in Rubidoux II. All twenty-seven girls in Rubidoux III will be members of Troop 337.

We honor our second year members and welcome the new members who are: Shirley Cretty, Carla Fobke, Julie Lewis, Sonia Rico, Jeanne West, Theresa Ybarra, Kirsten Zimmer, Jan Zukowski, and a special welcome to Anne Yamaguchi who is a new student to CSDR.

During the year badges will be earned, Girl Scout cookies and candy will be sold, and activities with other troops have been planned. Two-night camping trips to San Clemente, WiWoCa, and Azalea Trails have been planned.

Debbie Short spent most of the summer at Azalea Trails. She kept busy by teaching fingerspelling and camp routine. Jo Ellen Ridley and Patti Heynen were also there.

Troop 337 is a member of the San Gorgonio Girl Scout Council. Our sponsor is the Kiwanis Club of Riverside. In the spirit of fun, our program is intended to develop skills while offering good fellowship.

CSDR Football 1972

Launching the 17th football season for the CSDR Cubs, Head Coach Peter Lanzi, ever optimistic, welcomed 40 plus football players to training camp. He has been preparing them for the forthcoming tough schedule which will see nine games including the first football game between CSDR and our arch-rival to the north, the California School for the Deaf at Berkeley. The two teams will climax the CSDR football campaign by celebrating the annual homecoming.

Lanzi and his four assistants have been shaping up the team, finding the best players for the various positions, to field a highly representative team. Mike Farnady, a sophomore, will man the quarterback position while two experienced runners, Keith Brown, a junior and Mark Peterson, a senior, will share the two halfback positions. Freshman Patrick McGuire seems to have the inside track for the fullback spot.

Senior Mike Adams will return to his familiar position at center, while veteran Ron Lurwick will hold down the right guard position. Another freshman, Morgan Droutsas has cracked the starting line-up and will man the left guard spot. Everette Harvey, a junior and Jim Stinson, a sophomore, will be on both tackle spots. John Foronda and Tom Bledsoe will be blocking for the ground game as well as receiving Farnady's tosses for the aerial attack.

Those still fighting for a starting position include Don Caldwell, Barney Hawkins, Carl Haguewood, Wing Lai, David Gomez, Dan Tsujimoto, Roy Pinuelas, Darryl Quan, Mike Olivera, Lance Shinagawa and Ken Roberts.

Lanzi promises an exciting brand of football this year and he philosophizes: "Football is a game where you keep the kids busy and happy and having a lot of fun. When this occurs, you're not going to have any trouble with these boys."

World Games for the Deaf Tryouts

The second National World Games for the Deaf Tryouts were held at the North Carolina School for the Deaf in Morganton, North Carolina from June 28 to July 1. Eleven students presently enrolled at CSDR were present for the tryouts.

Medals were presented to athletes who placed first, second and third in the various events. A gold medal was presented for first place, a silver medal for second place, and a bronze medal for third place.

In track, one CSDR student won a medal. Pam Ridenour placed first and earned a gold medal in the hurdles.

In swimming, Leslie Greer brought home a silver medal for the 200 meter backstroke, while Susan Hagood received a silver medal for placing second in the 200 meter freestyle event.

Each member of the girl's volleyball team won a silver medal for placing second. Team members were: Nancy Jones, Linda Tucker and Brenda Branton. The other team members were all graduates of CSDR. It is interesting to note that of the team members who took the gold medals

for first place in volleyball, two were graduates of CSDR.

The following students placed at the tryouts and received certificates. In track: Stephanie Stephanos, 4th in the women's long jump; and Mike Farnady, 6th in the men's long jump. In swimming: Susan Hagood, 4th in the women's 200 meter backstroke; and Janet Mertz, 5th in the women's 200 meter backstroke.

Girl's Volleyball Team

The XII World Games for the Deaf will be held in Malmo, Sweden, July 21-28, 1973.

The USA-WGA Committee has announced that Nancy Jones and Linda Tucker will be members of the volleyball team representing the United States. Four graduates of CSDR will also be members of this team: Sharon Ingenthron, Linda Ridenour, Vickie Manchester, and Kathy (Russell) Cantrell.

The USA-WGA Committee has also announced that Miss Aletha Emerick, one of our Girl's P.E. Instructors, has been selected as the coach for the United States Women's Volleyball Team.

HI HO! — COME TO THE FAIR!

BOOK FAIR

Week of November 13-17

Junior High and High School Library
Parents, students and friends are invited

(Continued from Page 20)

Residence Halls —

Some of the students who returned to Rubidoux I this year had exciting, fun-filled summers. For example, Greg Sadler took an airplane trip to Indiana and Florida and upon returning vacationed on the Colorado River where he learned to water ski! Tony Price traveled with his family to Washington, then explored some of the scenic byways along the California coast. While on a trip to New York, Paul Maucere stopped in North Carolina for a week to see the tryouts for the Deaf Olympics.

We are glad school has started again for here at CSDR it is fun to work and play together, but most of all it's fun to be together again with friends.

Rubidoux II

Rubidoux II girls were very happy to be back to school and are looking forward to having their own girl scout troop this year.

Theo Amey went to Big Bear for a week during her summer vacation. She rode horses and did a lot of swimming. Theo also went into the hospital for two days for a check-up.

Shelly Skidmore attended the YMCA Camp for the Deaf for one week in August. She won an award for having the most colorful clothes.

Kirsten Foy went to Santa Rosa with her family. She went on a steam train ride through the redwoods. No smog! She also went to San Francisco and rode the cable cars. Later in the summer Kirsten went horseback riding in Idyllwild.

Norma Rosas went to Houston, Texas, during the summer and visited her aunt and uncle. She went swimming, skating and attended camp in Texas.

Julie Agnew lived in a trailer for the summer. She went swimming every day. She also went to Disneyland and Santa's Village. Julie was thrilled to go riding in the desert in her father's new truck and she found two turtles.

Stella Chavez tells us that the most exciting part of her summer was coming back to CSDR!

Delia Quintana spent her summer at home helping her mother. She had a friend stay with her also.

Renee Bartlett and two sisters drove to Oregon and visited a cousin for a week. Renee also went to the beach and the zoo. At the zoo she saw a baby elephant and a baby giraffe.

Carolyn Dubler and her family went to Dubuque, Iowa, to visit her cousins, uncles, aunts and grandmother. They had a picnic at a park there. The main attraction was her cousin's new baby, Scott David, who was born August 24.

Rubidoux II welcomes three new additions to the dormitory. Debbie Wagnon is thirteen years old and comes from Lake Elsinore. She has two sisters and a brother.

Marianne Owens will soon be twelve years old. She is a pretty blond from Fillmore, California. She has four brothers and one sister. Pauletta Adams is from Long Beach and is now eleven years old. She has two sisters.

Several other birthdays have been celebrated recently. Leslie Fletcher was eleven, Cindy Hunter was also eleven, Norma Rosas was twelve and Colleen Shaw was ten.

Rubidoux III

Rubidoux III is happy to welcome Anne Yamaguchi to CSDR. Anne will be living in Rubidoux III. She is 13 years old. She was born in Los Angeles and previously attended Mary E. Bennett and John Tracey Clinic.

The "Girl of the Month" for October in Rubidoux III is Carolyn Swink. Carolyn is in Junior High School and is 13 years old. Carolyn receives this honor for her helpfulness and eagerness in the dorm.

Recent birthday wishes go to Sonia Rico, Rosalind Jenkins, Nidia Carrillo, Anne Yamaguchi, Lurene Flores, Kirstin Zimmer, and Shirley Cretty. Happy Birthday from Rubidoux III.

Lassen I

Lassen I does not have any boys new to school this year but there are six boys who are new to Lassen I. They are Carl Bartlett, Charles Ericksen, Frederick Herrera, Ronald Shely, Leopold Vazquez and John White.

Several of the boys went on trips this summer. Allen Sprott spent the summer with his father in Las Vegas, Nevada. During his visit, Allen enjoyed a camping

trip to Yosemite National Park. Carl Bartlett experienced his first airplane ride this summer and also participated in a YMCA summer camp. Steven Triolo helped his father deliver a mobile home to Arizona this summer. The trip was made more exciting by a storm which forced them to delay their progress for a whole day.

Lassen I boys who celebrated birthdays during the summer are James Haugen and Ronald Shely. Ronald had a double celebration because his birthday is on the fourth of July!

Lassen II

The boys in Lassen II welcome Dana Borgatti, who is new to CSDR. Boys who are new to Lassen II are: Alan Donaldson, Randall Gafney, Charles Katz, Francisco Melende, Robert Pirard, Oscar Sanchez and Carl Stephenson.

Some boys told of their experiences this summer. Pepe Hernandez flew to Hawaii for ten days. Norman Long went to San Francisco. While there he saw the Golden Gate Bridge and zoo. Roland Whitsit visited relatives in Savannah, Georgia and in Florida. He also went to interesting places in New Orleans, Louisiana. Norman Hixson traveled thru many states when he visited relatives in Ohio.

Shasta I

Because Donna Allen is ambitious and thrifty, she is now the owner of a shiny new, blue Pinto. Donna has worked as a box girl since last February, and has earned \$1000.00—not in wages, but in tips from people who appreciated her service and paid her well. Donna bought the car with her own money, but admits that her father helped her make the deal. Now she will continue working during week-ends to keep up the payments.

Susan Crouch is another enterprising girl in Shasta I.

For two summers she has been working for the Jack-in-the-Box chain of drive-in restaurants and has been saving her money, too. This year her group won the sales promotion contest sponsored by Food-makers in San Diego and they were awarded an all expense paid trip to Magic Mountain on September 17.

Cheryl Seamans now has a brother-in-law. Cheryl's sister was married September 2nd, and she was maid of honor at the ceremony. Although Cheryl claims a brother-in-law, she complains that she is now the only one left to live at home with her parents.

Sharon Roller and her family spent a week of vacationing at the beach town of Ventura. Sharon shopped, went to movies and entertained friends from CSDR with barbequed meals cooked out in the fresh salt air. They swam in the ocean every day and enjoyed relaxing in the sun just the week before she returned to school to pursue a more serious schedule.

Shasta II

Several of our girls had the opportunity to participate in the Olympic tryouts last summer in North Carolina.

Kathleen McHugh tried for tennis and came in fourth place, Susan Hagood, Leslie Greer and Janet Mertz for swimming, with Susan and Leslie coming in for second place. Brenda Branon tried out for volleyball and track and Pamela Ridenour concentrated on track only.

Faithful training, promotes qualified athletes which makes for Olympic history.

Shasta III

Shasta III welcomes five new girls: Tari Williams from Los Angeles, Wanda Baumgarten from Pasadena Donna Condit from Placentia, Bobbjean Naud from San Diego, and Wing Yee Poon from Hong Kong. We hope the girls will enjoy Shasta III.

Paulette Sottak visited relatives in Oroville, California. Her uncle owns show horses. Paulette entered a pole bending contest and was 5th place with a score of 17 points.

Jill Taniguchi had loads of fun this summer with her family. They traveled to Utah, Colorado and Las Vegas. Jill's father caught a big fish in Utah, and she was surprised to learn that Salt Lake City is a beautiful place.

Bobbjean Naud's favorite pastime is dramatics. She is a member of the Old Globe Theater and has appeared on educational television in San Diego several times.

Shasta IV

Shasta IV girls returned from summer vacation anxious to see their friends and share experiences.

Happy Birthday from Shasta IV to Laurie Griggs and Ann Kassel.

Sandra Thrapp, Debbie Williams, Lori Fisher and Anni Kassel attended a camp for deaf youth. They had fun hiking, swimming and meeting old friends.

April Colvin and family enjoyed a trip to San Francisco. They visited the old missions and spent many happy days at the beach.

Valentine Longoria had lots of fun at Magic Mountain. She rode many different kinds of rides.

Cynthia Whitlock traveled with her family to Oklahoma to visit her grandparents. Martha Lopez flew to La Paz, Mexico to visit relatives for the entire summer. She also went to a soccer tournament and really enjoyed all the excitement and motion of the game.

Palomar I

William Grantham did some traveling this summer. He flew to St. Louis, Missouri to meet his father. They drove to Piedmont which is in the southeastern part of Missouri on the Wappapello Reservoir, head waters of the St. Francis River. It is about 40 miles south of Taum Sauk Mt., the highest point in Missouri (1772 ft.).

William did a lot of visiting and sight-seeing. He and his father drove to Jacksonville, Florida to meet his mother and visit relatives there. William went swimming in the Atlantic Ocean and also in the Gulf of Mexico. He and his parents then drove back to Piedmont for a short stay, after which they enplaned at St. Louis and jetted back to Los Angeles.

Charles Bill really enjoyed his vacation. He spent several days in Ensenada with his family, exploring the coast and noting points of interest. They went past the Western White House at San Clemente.

Later, he and his father went to San Diego for a deep-sea fishing trip. They sailed at mid-night for a 5 hour, 60 mile trip out onto the Pacific Ocean. Charles reports that he broke his line twice, but he caught many fish. His largest albacore weighed 25 pounds, 4 ounces. He was really lucky! They arrived back in San Diego at 8:30 p.m. Charles cut up his big albacore for the freezer. It was delicious!

James Baer had an interesting trip to San Francisco. There were many different places to see. He took a lot of pictures of old houses and also went up to the top of Coit Memorial Tower on Telegraph Hill. It is 210 feet high and affords an excellent view of the city and the bay.

San Francisco is James' favorite city.

Donald Caldwell had his old job back last summer, working in the Sanitary Disposal Department for the City of Santa Maria. It was very hard work, but he enjoyed it.

Palomar II

James Nevins, Thomas Gilmore, and Ronald Blaney enjoyed life at Philmont Scout Ranch in New Mexico during summer vacation. They were especially enthusiastic about fishing, hiking, and the smog-free air.

Wing Lai and Maurits Fisser traveled to San Francisco for their vacation. Wing visited many friends and Maurits enjoyed sight-seeing.

Jeffrey Lubman attended summer school at California State University in Northridge. He feels that his vacation was profitable, studying English and reading.

Palomar III

Palomar III welcomes seven new boys to CSDR. They are Randolph Dyer, Daniel Wheeler, Andrew Tweedie, Barry Hodge, Richard Tency, Eddie Esparza, and Joe Roberson. Residence Hall Student Council Officers' elections were held Thursday, September 14. Phillip Weishar was elected President. He took charge of the meeting and presided over the election of the following officers:

Vice President	Cary Grant
Treasurer	Kevin Struxness
Secretary	Rex Drake
Sergeant at Arms	Scott Anderson

These officers will remain in their positions for the school year. As President of the Residence Hall, Phillips' primary duty will be in forming committees to coordinate Residence Hall activities.

Matthew Brandfield and Phillip had some fun deep sea fishing together this summer along with Matthew's father.

Mark Erwin spent last summer in Las Vegas, Nevada. He has a new Honda 90 and spent many hours riding in the mountains with his brother who also owns a motorcycle.
